Part III REASONS FOR ALLOWANCE

1. The following is an Examiner's Statement of Reasons for Allowance: The primary reason for the allowance of the claims is the inclusion of the limitation of a floating member connected to the upper edge of the wall member in combination with a resilient frame member connected to the perimeter of the bottom member. Wherein the floating member serves to raise the wall member upon introduction of liquid into the container as disclosed. Resilient frame member is disclosed as having the property of being collapsible into smaller configurations by twisting and the energy stored by such twisting permits the resilient frame to self-open when manipulated.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jes F. Pascua whose telephone number is (703) 308-1153.
